

# International Defence, Engineering And Security IDEAS Conference 2026

*IDEAS: Strong Defence, Secure Nation*

**24-25 June 2026 • Putrajaya, Malaysia**

## About Us

The International Defence, Engineering And Security (IDEAS) Conference 2026 proudly unites two premier platforms in engineering innovation and defence technology, bringing together leading researchers, industry experts, defence professionals, and academia to advance cutting-edge solutions for a rapidly evolving global landscape. Hosted by Universiti Pertahanan Nasional Malaysia (UPNM), this combined conference highlights the forefront of engineering, technology, security, and strategic defence advancements-providing a dynamic arena for knowledge exchange, cross-disciplinary collaboration, and the showcasing of impactful research.

By merging the strengths of both conferences, DSTC - INTCET 2026 aims to accelerate innovation, strengthen industry-academic partnerships, and promote transformative ideas that drive national resilience, technological progress, and global competitiveness.
